RE: Marco Gualotuna

To whom it may concern,

I am a teacher at Torrance Adult School. I teach a course of Barber and Hairstyling. Marco Gualotuna is designing an interactive Distance Learning Barber course for our school district. Our main interest is online theory and Haircutting and styling demonstrations. As with most Career and technology courses our students are attending school while working fulltime. To be able to access theory from home will make a great difference to the students that often miss the actual theory classes.

Marco is teaching us how to put our curriculum and skills to the best advantage of our students. He is a clear and patient educator.

I would recommend Marco Gualotuna for any position available related to educational training, without the slightest reservations. He would be an asset to any school or university.

If you have any questions please call, e-mail or fax me at the above numbers and e-mail.

Sincerely,
